**Sub: Complaint against Water sports near Bambolim-Nauxim coast
disrupting fishing activities**

Madam/Sir,

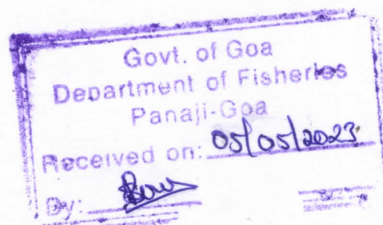

This is to alert you on constant disruption of fishing activities over past one month in Zuari river due to intensified water sports activities near Bambolim-Nauxim coast. Water sports activities are carried on from Hotel Grand Hyatt premises. Buoyancy floating in the water creates disturbance for fishing nets. Further number of life saving emergency boats are increased from one to three. All the three boats are observed to be operating throughout the day video filming guests in the course of water sports.

You are requested to attend to this complaint urgently to provide for hassle free fishing in Zuari river.

Thanking you

Yours sincerely,

Shaila D'mello
