

Resolution on Mission Statement

The National Platform for Small Scale Fish Workers (Inland) accepts the 'Mission Statement' (copy attached) of Small Scale Fish Workers Consolidation as its basic policy document and states that its organisation and activities will be guided by the principles, policies and directions contained in it.

The National Platform for Small Scale Fish Workers (Inland) holds that the Mission Statement is not an end in itself but a guide to action and it needs to be enriched through continuous observation, analysis and synthesis of the small scale fishing communities' struggles.

Accepted by the National Conference of NPSSFW(I)
New Delhi. July 17, 2019.
